## LIBERTY INDUSTRIAL

Re: Donation of equipment

The Australian Centre for Energy and Process Training (ACEPT) would like to thank Liberty Industrial for their kind generosity in donating valuable equipment such as valves, flow transmitters, pressure gauges and thermocouples which will be used to run the Instrumentation course at ACEPT. The students in these courses will benefit greatly from your donation.

Due to your valuable contribution ACEPT has and will continue to deliver world standard industry relevant training in the resources sector. We would once again like to thank you for kind contribution.

King Regards

Greg Guppy

School of Applied Engineering & ACEPT
