

Environmental Policy

The company's aim is to achieve a high standard of care and minimise our impact on the natural environment in all undertakings.

The company will:

- Conduct operations in compliance with all relevant environmental regulations, licences and legislation as a minimum condition;
- Identify, monitor and manage environmental risks and pollution arising from the undertakings;
- Seek continuous improvement in environmental performance, operational processes, waste management and use of resources by:
 - Monitoring and improving demolition, site remediation and civil construction methods to minimise environmental impact;
 - Analysing and continuously improving recycling rates;
- Provide training and awareness for all workers on environmental matters;
- Communicate and consult regularly with the workers about our policy and individual responsibilities;
- Communicate with customers, suppliers, contractors and sub-contractors, community and external agencies about our environmental performance;
- Establish and review environmental objectives and targets;
- Develop, implement and maintain a Management System based on the elements of ISO 14001: Environmental Management System.
