Three Liberty Industrial Projects Shortlisted for World Demolition Awards

Liberty Industrial projects have been shortlisted in three categories of the 2016 World Demolition Awards.

12 September 2016 – Three Liberty Industrial projects have been shortlisted as finalists for the 2016 World Demolition Awards.

Liberty Industrial’s Hamilton Wharves Demolition, Clyde Refinery Removal and Duck River Bridge Dismantling projects are all contenders for the 2016 awards.

The awards are held as part of the annual World Demolition Summit, the leading annual event for the world’s demolition industry. The event celebrates excellence and innovation within the demolition industry. Now in its eighth year, the event attracts thousands of demolition and recycling professionals each year.

Liberty Industrial’s Hamilton Wharves Demolition was shortlisted as a finalist in the Civil Demolition Award category. The project involved the removal of more than 18,000m2 of wharf structure including over 1900 piles.

Liberty Industrial’s Clyde Refinery Removal Project was shortlisted as a finalist in the Contract of the Year over US$1 million category. The project involved the demolition and removal of an entire oil refinery facility.

Liberty Industrial’s Duck River Bridge Dismantling Project was shortlisted as a finalist for the Contract of the Year under US$1 million category at the 2016 World Demolition Awards. The project involved the removal of a redundant 70 metre pipe bridge over the Duck River at Viva Energy’s Clyde Terminal.

This is the fifth consecutive year that Liberty Industrial have had projects shortlisted. The Liberty Industrial team are eagerly anticipating the announcement of the winners at the awards gala dinner on Friday 14 October in Miami.
